smiths connectors

Manufacturer of custom Signal, Power & Coaxial Interconnects utilizing Spring Probe Technology

**Sabritec**

[www.sabritec.com](http://www.sabritec.com)

smiths connectors

Custom interconnect solutions for military, space/satellite, medical, telecom, commercial avionics and test & measurement applications including design and manufacture of coax, triax, filtered, and high speed connectors, contacts, and cable assemblies.

**Meritec**

[www.meritec.com](http://www.meritec.com)

High Speed Interconnect Solutions.  
Standard and Custom Connectors.  
Infiniband, CX4, XAUI 4X and 12X. Flat Flex Cable Assemblies  
2mm, Back Plane.  
SOP Sockets, Right Angle PCI Express, AGP, DIMM.  
Commercial, Medical Military & Space.

**Omnetics**

[www.omnetics.com](http://www.omnetics.com)

Omnetics is a worldwide designer and manufacturer of micro and nano miniature interconnect products, featuring COTS, Standards and Custom connectors, and custom cables and cable assemblies for various industries such as Mil/Aero, Space and Medical.
